

FREE Group Facilitation Training

A **free** 3 day course to learn how to set up, facilitate and sustain a peer support group for young people who hear voices

About the course:

This innovative and interactive 3 day course will help you to develop the skills necessary to co-facilitate a Voice Collective peer support group in your organisation.

It combines personal and professional experience to cover the following areas:

- Understanding 'hearing voices' and other related experiences
- Making sense of different models of understanding these experiences
- Developing a toolbox of coping strategies to support young people in their recovery
- Setting up, launching and sustaining a Voice Collective peer support group
- Practical skills for group facilitation

Who is the course for?

People who currently work with young people: Including psychologists, support workers, nurses, therapists, OTs, social workers, mentors etc

Young people with lived experience of voices/visions. Joint applications between workers & young people are particularly encouraged.
